

Qual é afinal a jersey favorita dos seguidores da [Planeta Basket Store](#) ? Ao longo das últimas semanas, temos vindo a publicar nas stories da @planetabasketstore no Instagram, um conjunto de votações sobre camisolas de jogo de várias lendas da NBA.

Muitos se têm questionado do porquê destas votações? Mas afinal de onde surgiu a ideia?

Neste artigo, vamos dar a conhecer a ideia e os motivos que estiveram na origem destas votações e os métodos usados para a colocar em prática.

Tudo começou com uma discussão relativamente pacífica acerca da camisola mais gira, mais procurada, com o melhor padrão de cores, do jogador X ou da equipa Y... Porque não alargar a discussão aos nossos seguidores nas redes sociais?

A ideia foi inspirada nas próprias jerseys da NBA, mais especificamente no enorme número e na abundante variedade de camisolas que temos atualmente em stock na PB Store. De facto, basta percorrer [a página dedicada a estas camisolas](#) para perceber que neste momento, estão mais de uma centena de jerseys diferentes à venda na loja. Mas como divulgar tanta camisola diferente se o espaço no site e na loja não permite colocar em destaque mais de umas dezenas de artigos em simultâneo? Ora, que tal fazer uma competição ao jeito da March Madness com um bracket sorteado de forma aleatória que ponha em disputa as mais variados jerseys que temos disponíveis na loja.
